**HSE MS 01 – HEALTH, SAFETY, ENVIRONMENT AND COMMUNITY  
POLICY**

---

**Purpose**

The purpose of the Resolution Copper Mining, LLC (RCM) Health, Safety, Environment and Community (HSEC) Policy is to state the values and objectives for the effective management of health, safety, environment, communities and social performance activities.

**Scope**

This policy applies to all persons who are required to undertake work for or on behalf of Resolution Copper Mining, LLC (RCM) on land that is owned or managed by RCM or Federal and State land on which RCM has approval to conduct activities.

**Policy Statement**

RCM's primary focus is on the safety and health of every employee and contractor and managing land and water assets in a safe and environmentally responsible manner to protect human health and the environment for our employees and local communities. We strive to build enduring relationships with our neighbors that demonstrate mutual respect, active partnership and long term commitment.

We recognize that health, safety, environmental and communities (HSEC) excellence is fundamental to sustainable business success. As such, we will:

- Prevent incidents that may lead to injuries, illnesses, pollution, property and environmental damage, community impacts, and security threats.
- Work to develop and maintain mutually beneficial relationships with and the support of our host communities and relevant stakeholders.
- Comply with legal and other requirements, including international accords and external requirements to which Rio Tinto or RCM subscribes.
- Effectively manage HSEC risks.
- Adopt sustainable practices in key areas through continual improvement.
- Establish measurable objectives and targets for improving performance.
- Provide the resources needed to meet our performance objectives.
- Encourage participation and promote employee and community awareness of threats and opportunities.
- Respect the standards of conduct defined in *The way we work*.
