

# RESOLUTION

## C O P P E R

Resolution Copper is committed to creating sustainable benefits for local communities. This scorecard is intended to offer a snapshot of our efforts, including where we need to improve.

# 2021

## SCORECARD

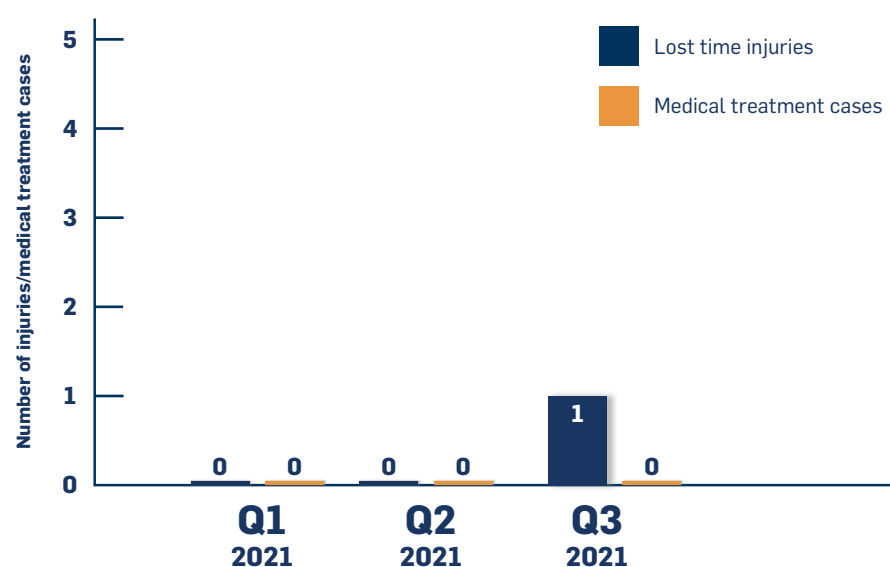

### 3RD QUARTER

## SAFETY

### KEEPING OUR WORKFORCE SAFE

At Resolution Copper safety comes first.

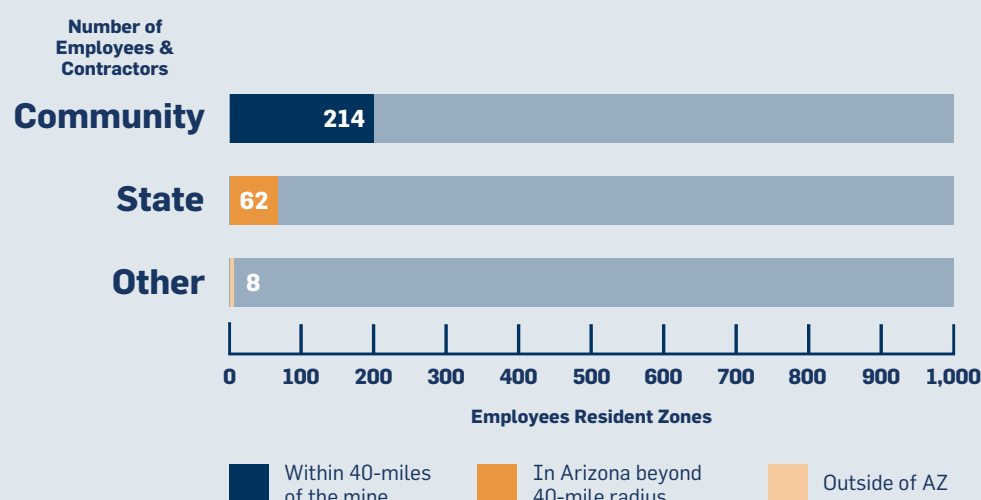

## PEOPLE

### CREATING JOBS

Resolution Copper is committed to a workforce that reflects the local communities and cultures in which we operate and are committed to hiring qualified candidates locally when we can.

### PROTECTING THE ENVIRONMENT AND OUR COMMUNITY

Over the summer, the Copper Triangle was devastated by the Telegraph and Mescal wildfires and employees and contractors in our local community were personally impacted by this natural disaster. To make matters worse, monsoon season was especially destructive this year as burn-scarred terrain met heavy rainfall. In response, Resolution Copper facilitated donations to local charities, provided much-needed support to animal shelters and local ranchers, and coordinated clean-up efforts with local contractors.

We partnered with the Red Cross, Humane Society, and Superior Food Bank to donate basic necessities to evacuation centers in Globe-Miami, Mesa, and to the fire incident command center at Superior High School. We provided \$25,200 to the Gila County Cattle Growers Association as grazing conditions for local ranchers throughout the Copper Triangle communities and the San Carlos Apache reservation were decimated.

Resolution Copper provided essential geographic system information to the US Forest Service (USFS) to carry out controlled back burns to protect the Oak Flat campground and Emory Oak groves. We offered our resources, including buildings and stored water supply, to assist in the emergency response.

Despite having lost so much in the wildfires and severe flooding, our community continues to rebuild stronger than ever.

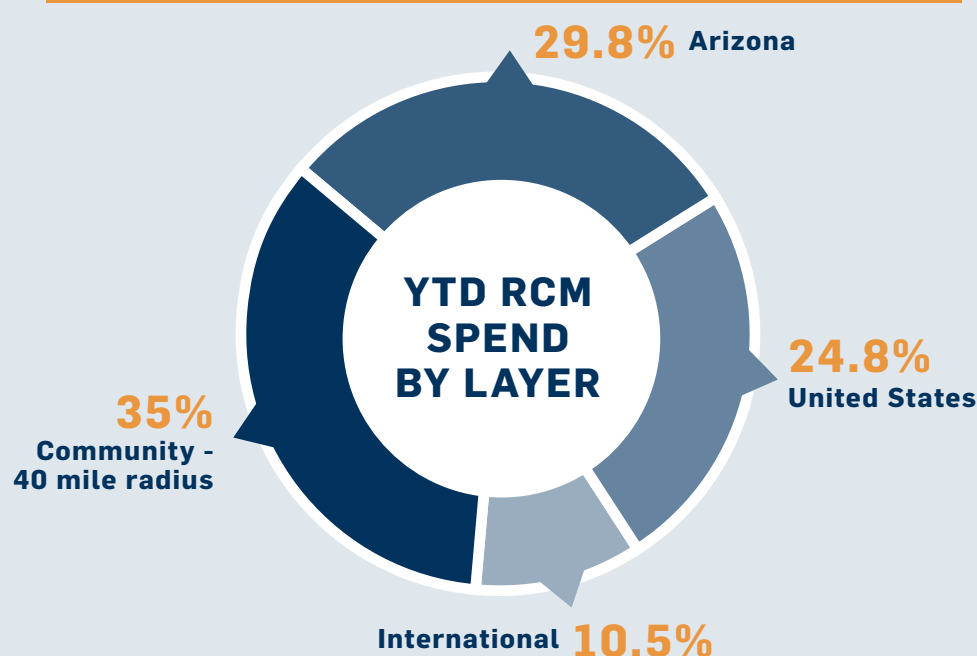

## CASH

### BUILDING THE LOCAL ECONOMY

Resolution Copper is a transformative project that is low cost and has a long life. It is scalable and strategically placed to satisfy increasing demand for US copper. We use local suppliers and vendors for our efforts whenever possible.

#### PROJECT SPENDING BY REGIONAL LAYER

## PARTNERSHIP

### INVESTING IN THE COMMUNITY

#### KEY INVESTMENTS

- RC Scholarship program (15 recipients)
- AISES sponsorship
- Gila Cattle Growers Association – fire relief support

**\$348,879**

DONATED TO LOCAL ORGANIZATIONS AND \$310,000 IN COVID-19 DONATIONS IN Q3

REPEAT COMPLAINT RECEIVED & RESOLVED

## GROWTH

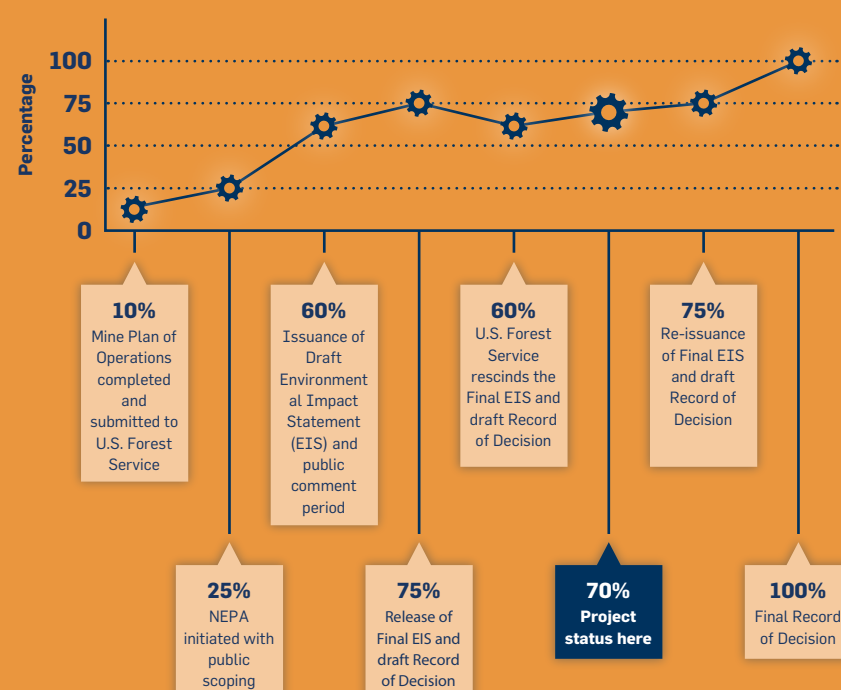

### PERMITTING AND CULTURAL HERITAGE

The Resolution Copper Tribal Monitor team has performed approximately 61,000 acres of pedestrian surveys to-date. The pioneer program was first created in 2018 to create an opportunity for community perspectives, particularly Native American Tribes of Arizona and New Mexico who have ancestral ties to the proposed project area. The program is run by the US Forest Service and consists of Native American tribal members to ensure the affected tribes are part of the informed decision-making process consisting of identifying areas, resources and sites of cultural importance. The USFS trains and employs more than 30 members from seven Native American Tribes to work alongside third-party archaeologists. The Tribal Monitor Program has led to the preservation of hundreds of artifacts and the identification of areas of cultural significance to Native American Tribes.
