

2023 Scorecard

QUARTER 2

Resolution Copper is committed to creating sustainable benefits for local communities. This scorecard is intended to offer a snapshot of our efforts, including where we need to improve.

Safety

KEEPING OUR WORKFORCE SAFE

At Resolution Copper, safety comes first. One way Resolution measures safety is by the All Injury Frequency Rate (AIFR), which tracks all reportable injuries: lost time injuries, restricted work injuries, and medical treatment cases, per 200,000 hours worked.

2ND QUARTER SAFETY HIGHLIGHTS

0

Lost time injuries

0

Q2 AIFR

0

Medical treatment case

Protection

THE ENVIRONMENT & OUR COMMUNITY

Minimizing the impact of light & dust from the Resolution Copper operations while maintaining a safe work environment is important to us. To reduce dust, we use a biodegradable product on the roads for dust suppression, which prevents wasteful use of water and reduces dust that could be blown into town.

Our Dark Sky Initiative helps mitigate the impact of light from our operation. It is guided by lighting measures in the Pinal County code and Town of Superior zoning ordinance to reduce light pollution, save energy, and reduce impacts on wildlife and ecosystems.

People

CREATING JOBS

Resolution Copper is committed to building a workforce that consists of highly qualified individuals who reflect the local community and culture.

BUILDING THE LOCAL ECONOMY

Resolution Copper is a transformative project that is low cost and has a long life. It is scalable and strategically placed to meet the increasing demand for US copper across the nation. Wherever possible, we work with local suppliers and vendors to ensure that the benefits of the project are delivered directly to the community.
